

Adventure Training Kit

The adventure training equipment has been purchased by the Tyne Tees Branch of the Marine Society and Sea Cadets for the use of Sea Cadet Units and Districts in the North East of England.

It will be stored and managed by Derwenthaugh Boat Station.

Booking of the equipment is to be done via the Boat Station website using the online booking form "AssetBooking".

(<https://www.derwenthaugh-seacadets.org/html2016/AdministrationFormsAssetBooking.html>)

The booking must be done by someone that has the relevant ASO/CO/OIC/DO's authority as they are the ones taking on the responsibility for its safe return.

Any equipment taken will be signed for.

Any damaged or missing kit will be charged to the user and this must be understood before booking the equipment.

When the equipment is returned it will be inspected by a responsible person from the boat station and signed back in. Ideally this will be done in front of the person returning the kit.

There are various tasks that must be undertaken by the borrower:

- Boots are to be cleaned and dubbed before return.
- Mess tins must be clean.
- Tents must be complete with 3 poles and 14 pegs
- Any use of the first aid kits must have the items used replaced.
- All waterproof clothing must be clean on return.
- We can provide gas for the cooker, but it is not free and will be charged.
- Rucksacks must be clean.

The prices on the following page are an indication of the replacement cost at today's prices. If there is any need to charge it will be at the replacement cost current at the time of ordering including any necessary delivery charges.
